

# Gourav Sharma

## Software Engineer

I am a final-year computer science student with expertise in creating sites end-to-end. My main focus is to develop user-friendly and screen-friendly sites which serve a purpose. Currently, I am working with React, Springboot and MYSQL.

## EDUCATION

### Intermediate

Kendriya Vidyalaya Kashipur

04/2016 - 04/2017

74%

### Bachelors in Technology

KiiT university

06/2018 - 04/2022

8.51

Major

- Information Technology

## WORK EXPERIENCE

### Full Stack Developer

HighRadius Corporation

04/2021 - Present

Bhubaneswar

Achievements/Tasks

- Learning and working on react.js framework for creating the front end of projects.
- Learning and working on Springboot and hibernate for creating a fully functional back end for projects.
- I create scalable applications for our clients in their future endeavours.

### Software Developer Intern

HighRadius Corporation

01/2021 - 03/2021

Bhubaneswar

Achievements/Tasks

- Joined as a software developer intern.
- Used machine learning to predict the payment dates for the pending invoices and made a model for the same.
- Created a full-stack web application dashboard to use that predicted data. Created front end with React.js and backend with Java.

### Web Developer Intern

Startup Inc.

06/2020 - 07/2020

Delhi

Achievements/Tasks

- I learnt front end development for the first time.
- Made several websites during the one month period of internship with React.js and Sass.
- Got a letter of recommendation for outstanding performance as an intern.

## SKILLS

JavaScript

React.js

Redux

Redux Saga

React Router

Material ui

CSS3

Java

SpringBoot

Hibernate

Servlets

Mysql

CRUD Apis

Github

## PERSONAL PROJECTS

Scrape data from various sites like (InterviewBit, Blind) and transform that data into xlsx for tracking data offline (04/2022 - 05/2022)

- <https://github.com/golfsierraAI/ScrapeDsaToSheet>

An Online code editor for running html and CSS on client's device. (12/2020 - 12/2020)

- <https://github.com/golfsierraAI/golfsierraAI.github.io/tree/master/coding>

A website for users to do blind 75 leetcode questions and keep track of them. (project uses selenium, Springboot, React) (02/2022 - 03/2022)

- <https://leetcodepatterns.herokuapp.com/>

A dynamic website to scrape movie sites and collect the data and store it in DB and present that data to users in my own site with movie playing functionality (Currently it's not working as the source of data is taken down) (03/2022 - 03/2022)

- <https://moviesclickx.herokuapp.com/>

## CERTIFICATES

Problem Solving using Data Structures and Algorithms (10/2020 - Present)

<https://www.hackerrank.com/certificates/63414b3a2788>

Java Certification by hackerrank (02/2021 - Present)

<https://www.hackerrank.com/certificates/b469fff81f1a>

JavaScript Certification by hackerrank (04/2021 - Present)

<https://www.hackerrank.com/certificates/df534c0e8b21>

SQL certification by hackerrank (04/2021 - Present)
